General Applique Pattern Instructions:

1. Each block pattern includes a two page actual size drawing of the finished block. Tape the two pages together, and use this as a basis for putting together your block.

2. Cut and assemble each fabric block background as instructed.

3. Use your favorite applique method to create the pieces of the design, using the full sized templates included in the pattern. ***NOTE: Some applique methods require reversing the templates. (Templates are not reversed).***

4. Each template piece is numbered to match the coinciding piece on the drawing. They are numbered in order of assembly. (If you are doing traditional applique, be sure to add a seam allowance to your template pieces).
