

Floret Stitch Instructions

Foundation Row: Chain 200 plus 3. Work 1 double crochet in the 4th chain from the hook, then work 1 double crochet in each chain across. Turn your work.

Row 1: Chain 1 (does not count as a stitch). Work a slip stitch into the first stitch, then alternate with a double crochet in the next stitch and a slip stitch in the following stitch across the row. End with a slip stitch. Turn your work.

Row 2: Chain 3 (counts as your first double crochet) and turn. Skip the first stitch at the base of the chain, then work 1 double crochet into each stitch across the row (including the slip stitches from the previous row). Turn your work.

Repeat: Repeat rows 1 and 2. I completed a total of 6 rows for round one.
