Bedtime Critters - Block 10

1. Cut a 12-1/2" x 12-1/2" square of white fabric to be used as the background for block 10.

2. Each block pattern includes a two page actual size drawing of the finished block. Tape the two pages together, and use this as a basis for putting together your block.

3. Use the Block 10 templates to cut out the individual pieces of fabric in your choice of colors. (*Be sure to add a seam allowance if you are doing traditional applique)*.

Note: *For some forms of applique, you will need to flip your templates over when cutting.*

Applique the pieces in place starting with the pieces in the back. ***(All template pieces are numbered in order of assembly).*** Once all pieces are sewn in place, embroider as desired.

Patterns Terms of Use

All patterns from Suzy's Sitcom, both free and premium, are for your own personal use only (non-profit, non-commercial use).

What is okay to do with my patterns:

-You may print out the pattern for your personal use.
-Please feel free to tell your friends about my website so that they can purchase their own copies!
-Individuals may make items for themselves, for gifts, for charitable donation from any of my patterns. Creating from these patterns refers to items made by one person, and not mass production situations.

What isn't okay to do with my patterns:

-I do not allow the distribution or use of any of my patterns, graphics or site pages in shops or other commercial environments, nor the use of these as teaching material in any commercial way.
- Do not give away or sell reproduced copies of the patterns. You are welcome to give out the URL to the main page for this pattern or the URL to the printing page but, per copyright law, do not place the actual content of the pattern pages on another website; do not redistribute the actual content of the pages in any form (even for free)! Thank you!
- Any reproduction or redistributing of the pattern instructions or pattern images involves the written permission of the artist, Susan Myers, and involves the drawing up of legal paperwork detailing the specific permission to be granted, any fees for the requested use in reproducing or redistributing the pattern and signing of said legal paperwork by the parties involved
